

To all CPC 6 Attendees

Please let us thank you once again for your attendance and participation at the recent CPC 6 meeting.

We have posted a meeting summary and statistics of the pre- and post-meeting questionnaires at the meeting website.

<http://www.che.wisc.edu/cpc-6/eval.html>

Please feel free to provide feedback on these summaries; our goal is to have a reasonably complete and balanced evaluation of the meeting. This evaluation record will serve as a useful starting point for the organizers of CPC 7, who will likely be selected and receive their charge in about two years.

The deadline for submission of revised papers was March 31. Shortly after that deadline, we will prepare camera ready copy for publication as part of the AIChE Symposium Series. You will receive an email when the printed proceedings is available for purchase.

It was a pleasure to serve this community in the capacity as meeting co-chairs for CPC 6. We look forward to the next CPC!
