

## **CACHE Trustee Elected to National Academy of Engineering**

CACHE trustee Gavin Towler was elected to the National Academy of Engineering in 2015 for his work in process designs for commercial petrochemicals and for his leadership in refining and chemical research. Gavin has a B.A. and M.Eng. in chemical engineering from Cambridge University and a Ph.D. from U.C. Berkeley. He is Vice President and Chief Technology Officer at UOP, a leading supplier of catalysts, process technology, proprietary equipment, and services to the oil, gas, and petrochemical industries. Gavin is co-author of “Chemical Engineering Design”, a textbook on process design, and is an Adjunct Professor at

Northwestern University where he teaches senior design courses.
