

### **CACHE Website Close-Up: Teaching Resource Center**

The various curriculum areas of the CACHE Teaching Resource Center are moderated by the following CACHE trustees:

Bioengineering	Wayne Bequette
Catalysis	Joe Golab
Conventional and Renewable Energy	Wesley Cole/ Tom Edgar
Fluid Mechanics	Robert Hesketh
Heat Transfer	Jason Keith
Introduction to Chemical Engineering	Robert Hesketh
Kinetics and Reaction Engineering	Joe Golab
Mass Transfer	Robert Hesketh
Material and Energy Balances	Clare McCabe
Material Science	Jonathan Moore
Molecular Modeling	Ed Maginn
Numerical Methods	Clare McCabe
Pollution Control	Robert Hesketh
Polymer Science	Jonathan Moore
Process and Product Design	Warren Seider
Process Control	Tom Edgar
Safety	Jason Keith/Dan Crowl
Separation Processes	Marianthi Ierapetritou
Statistics	Richard Braatz
Teaching Topics	Jason Keith
Thermodynamics	Jeff Errington
Transport Phenomena	Robert Hesketh
Unit Operations	<b>Moderator Needed</b>
