

Ten Years in the Trenches: An Updated Suite of Scenario-Based Academic Integrity Videos

Adam T. Melvin¹ and Lisa G. Bullard²

¹Cain Department of Chemical Engineering, Louisiana State University

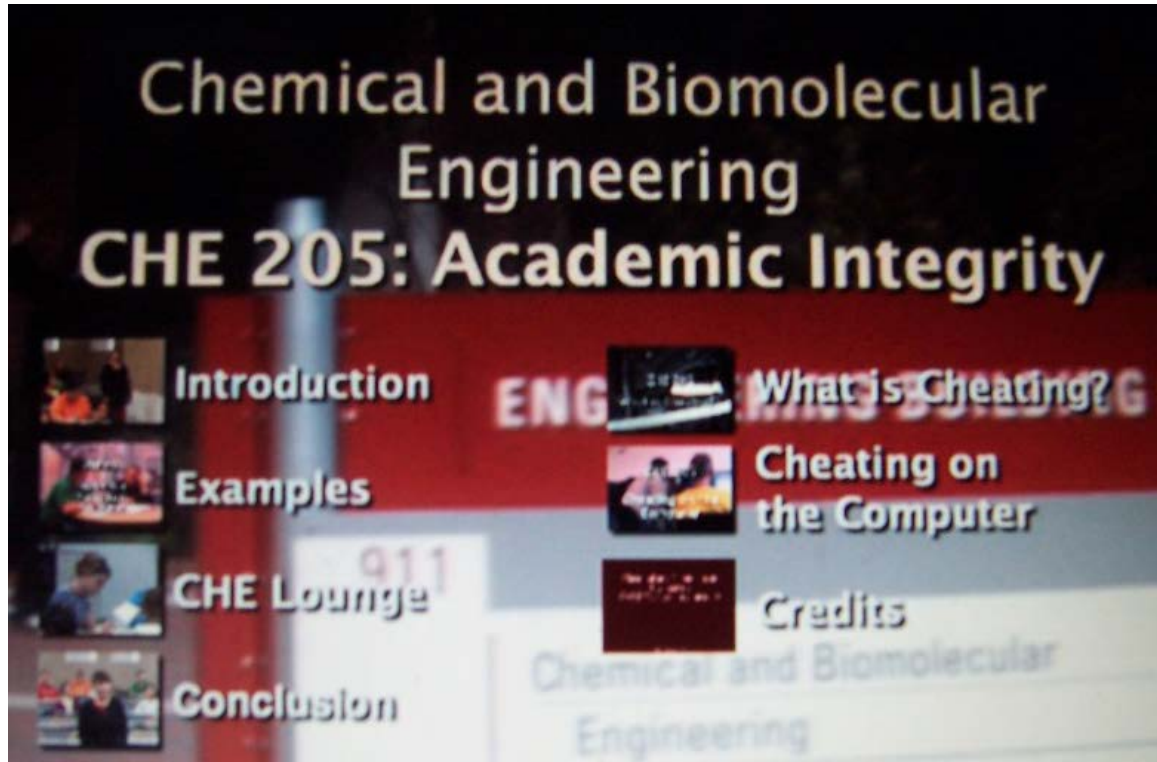

²Department of Chemical and Biomolecular Engineering, NC State University

ASEE Annual Meeting

Wednesday, June 27th, 2018

Academic integrity issues are among the most stressful that faculty face

- + Greater understanding of expectations
- + Increase in accepting responsibility
- No average decrease in occurrences
- Outdated examples
- Too specific to CHE and MEB

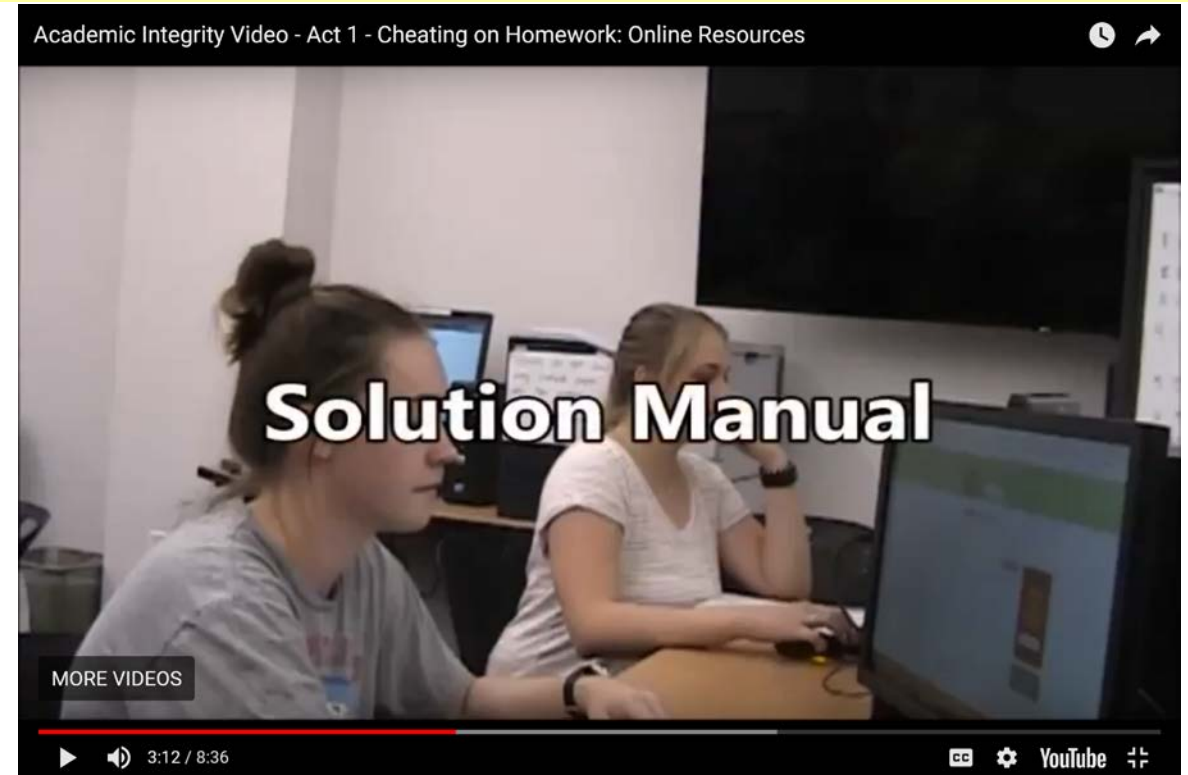

Our response to new challenges and technologies available to students

- Online file sharing (chegg)
- Easier ways to communicate
- Greater availability of resources
- Don't know about *good* resources
- Influence of departmental culture

cbe.ncsu.edu/bullard/academic-integrity/

Future work

- Long-term tracking of integrity violations
- Immediate assessment of video impact₃

Academic integrity videos 2.0: 6 acts, 53 scenes
