

FOMMS 2012 Update

Planning for FOMMS 2012 is well underway. The meeting will be held July 22-26, 2012. Site visits have been made to three potential locations in the Chicagoland / Lake Geneva, WI area. The site will be selected soon once budgetary estimates can be obtained.

The programming committee (Chair, Ed Maginn and co-chairs Ilja Siepmann and Kristen Fichthorn) have held several meetings and conference calls to plan the meeting. They have also held calls with the senior advisors Peter Cummings, Clare McCabe and Sharon Glotzer. The format of the meeting will follow the same basic plan as past conferences, with a welcome reception and plenary session on Sunday and a series of topical sessions, workshops and poster sessions on Monday – Thursday. The conference will conclude with a special session honoring the FOMMS Medal winner and a banquet.
