

Process Design Education Centennial Session Video Lectures

David Silverstein

University of Kentucky

The articles (slides) from the six talks in the Process Design Education Centennial Session (Philadelphia AIChE Meeting, November, 2008) may be of interest to readers to view those talks in their entirety. That session's presentations are posted on the AIChE Education Division's website at <http://www.engr.uky.edu/aicheed/multimedia/multimedia.htm>. Just click on "expand" under "A Century of Chemical Engineering Design" to see the complete list of videos, and click on any title to view.
